

amvista Manganese

A foliar source of highly soluble, plant available manganese

CONTAINS

Manganese (Mn): 200 g/l

FORMULATION

Manganese Extra is a fully soluble formulation of manganese nitrate for foliar treatment of manganese deficiency in crops. The nitrate form of manganese is up to 25% more plant available than conventional sulphate forms and is especially useful for foliar application to crops requiring high amounts of manganese.

RATES OF USE

Marginal deficiency: Apply 500ml/acre in 80L water

TIMING

Cereals: Apply as necessary after the 3 leaf stage

Other crops: Apply as necessary when the crop has developed enough foliage to absorb the spray

It is recommended that soil and tissue analysis results are used whenever possible to guide micro and macronutrient applications to optimise crop nutrient status. Do not apply this product in very bright sunlight or in temperatures above 25°C. If possible, spray in the evening or early morning for best results.

APPLICATION

Shake the container well before opening and use.

Spray equipment should be clean.

Half fill the spray tank with water, begin agitation and add the required quantity of Manganese Extra. Rinse the container thoroughly, add the rinsings to the spray-tank, complete the filling and apply without delay. Maintain agitation throughout.

Clean sprayer thoroughly after use.

COMPATIBILITY

Manganese Extra is physically and chemically compatible with a wide range of agrochemical products. Consult your supplier for the latest information. Always read the label of the partner product carefully before mixing with Manganese Extra.

STORAGE

Protect from frost. Store above 5°C.

Keep in cool, well ventilated suitable store. Do not store in direct sunlight or near direct sources of heat. Keep out of reach of children. Keep away from food, drink and animal feedstuffs.

SAFETY PRECAUTIONS

H373: May cause damage to organs through prolonged or repeated exposure.

H302: Harmful if swallowed.

H314: Causes severe skin burns and eye damage.

H412: Harmful to aquatic life with long lasting effects.

Danger

P260: Do not breathe spray.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P301+310: IF SWALLOWED: Immediately call a POISON CENTER or doctor.

P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P314: Get medical advice/attention if you feel unwell.

Contains: MANGANESE DINITRATE
